Dear Mr. Michael J. Graessle:

Thank you for your recent contribution of \$500 to Prescription For Hope. As you know, Prescription For Hope's primary purpose is to create pharmacy dispensing and drug distribution systems in developing countries; and to assist them in building dispensing pharmacies to help HIV-positive patients.

We appreciate your support of our work and can't wait to share our progress as a result of our partnership. Together, we can give people in developing countries a "Prescription For Hope".

Contributions to Prescription For Hope are tax-deductible under section 501 c (3) of the IRS tax code. Our organization's tax ID is 83-0424419.

Sincerely,

Joel L. Zive, R.Ph., PharmD.
Executive Director
