Dear Mr. Nygreen,

On behalf of the 70 underprivileged boys and girls who are currently being assisted by the Grace Church Community Center (GCCC) After-School Mentoring Program, we would like to extend our sincere thanks for the generous grant of \$500 we recently received from the Foundation of the Rotary Club of White Plains.

Your check was gratefully received on March 10, 2008 and will be used to fund educational and enriching activities for at-risk children. With your help, we hope to encourage these children to stay in school, achieve better grades and go on to attain a college degree.

Thank you for recognizing the importance of the work we do with our community's most vulnerable children and for your willingness to support us in our efforts.

Yours sincerely

Chris Schwartz
Director of Development

No goods or services were received in exchange for this gift.
